Abstract:

Current in research Northeast India Sixth Scheduled in the area local governance functionality Tripura Tribe Areas Autonomous District Tripura Tribal Areas Autonomous District Council (TTAADC) a field survey through analysis to do research has been done . Original purpose is TTAADC 's administrative structure , local In governance of introduction, democratic decentralization implementation , good governance various index and tribal population social , economic and political In development of contribution evaluation to do the research . A field survey based following mixed methods by managed happened , where primary and secondary both Kind information usage to do information collection for questionnaire, interview , direct observation and various government and academic source information analysis to do it happened .

Research results from apparently is that , TTAADC Tripura Tribe Inhabited In the area Local Self-Government, development planning , cultural introduction reservation and democratic participation in growth important introduction keeping doing . However enough financial autonomy lack , administrative power limitations, institutional soordination shortage , skilled human resources shortage and people's participation limitations like various challenge of effectiveness affected doing research. More see goes that is , good governance basic policy — e.g. Transparency , accountability , participation , rule of law governance and administrative skills — more powerfully implementation to do if local governance more effective and people-oriented become to get up can.

The study In conclusion Instructions by that is , TTAADC North East India Sixth Scheduled In the area democratic decentralization and tribalism autonomy a important constitutional institution . Functionality more growth to do for administrative and financial power strong, institutional ability growth , it-driven administration, local people's participation confirmation and state government and council in effective coordination essential . Research results local governance , good governance and tribal autonomy on the subject existing knowledge base rich will do and In future research and policymaking a evidence-based foundation payment will do.

Keywords: Local Governance; Sixth Schedule; Tripura Tribal Areas Autonomous District Council (TTAADC); Democratic Decentralization; Good Governance; Autonomous District Council; Tribal Self-Governance; Northeast India; Tripura; Indigenous Communities.

Introduction

India North - Eastern region ethnic , linguistic and cultural variety for well known. This region indigenous population individual social - cultural identity, traditional organization and political putonomy conservation for the purpose indian in the constitution sixth schedule provision included to do (Bordoloi,1984; Baruah, 2003). Sixth Scheduled in the area autonomous district council establishment through local people's participatory governance, cultural reservation and decentralized administration sure to do constitutional structure on average lift (Constitution of India, 1950; Haokip, 2013).

Tripura Tribe Areas Autonomous District Parishad (Tripura Tribal Areas Autonomous District Council—TTAADC) 1982 in established is and 1985 in constitution Sixth Schedule covered. This council Tripura Tribal population administrative, economic, social cultural development as well as local self-government in the establishment important introduction keeping (Debbarma,2009; Bhattacharjee,2016). Same with this traditional governance modern democratic administration in a coordinating organization as considered (Karlsson , 2005).

Local governance democratic decentralization, participatory development and accountability one of the main base. Power decentralization through local to the people decision adoption in the process involved to do concept modern democratic of rule a basic characteristics (Rondinelli , Nellis , & Cheema, 1983; Manor, 1999). India in context local self-government more strong to do in case 73rd and 74th constitution amendment important however, the sixth scheduled the areas administrative structure a individual constitutional arrangement as managed (Mathew, 1994; Bhattacharyya, 2005) .

North - East India various Autonomous Council functionality with managed in research see goes that is constitutional. Recognition to be despite administrative power limitations, financial dependency, political intervention and traditional modern governance in coordination lack local of rule effectiveness affected (Baruah, 2003; Haokip,2013). Tripura also in case same kind reality observed is, where development, representation , resources management and institutional ability related various challenge exist (Debbarma , 2009; Bhattacharjee, 2016) .

This in context " **Northeast " India Sixth Scheduled In the area Local Rule : Tripura Tribe Areas Autonomous District Council (TTAADC) A Field survey "** Title The study Very Significant . This TTAADC in the study Administrative Structure , local People's Participation , decision Acceptance Process , developmental Activities , Traditional Of rule With Relationship and Local Of rule Functionality analysis to do will be. Research results sixth scheduled in the area local of rule existing status evaluation as well as future policymaking , democratic decentralization and Tribal Autonomy more effective to do In case important directions payment will do.

Statement of the Problem:

India Northeastern region Tribe inhabited the areas historical , social , cultural and political perspective from special importance carry this is region population individual identity , traditional governance and natural wealth on their traditional rights conservation to the goal indian In the constitution sixth schedule provision introduced this has happened. Constitutional arrangement original purpose it is Tribal to the people a effective autonomous administrative structure payment to do so that they local development resources management , cultural reservation and decision acceptance in the process directly participation. This goal implementation for Tripura Tribe Areas Autonomous District Council (TTAADC) is a Important Constitutional Organization as Established it happened .

Establishment after from TTAADC local governance , development planning, education, health agricultu-

re Infrastructure development and Tribal cultural introduction conservation in case important introduction keeping by coming. Still real administrative situation indications by that constitutionally paid power and in reality that power application in a notable distance existing. Administrative power limitations, financial dependency, institutional coordination shortage, various administrative Level In Responsibility Ambiguity, principled Implementation limitations and local people's participation diversity TTAADC effectiveness directly and indirectly affected doing so. As a result local self-government desired purpose how much? Acquired It happened, that a Important research question as appeared it happened.

Current in time good governance, democratic Decentralization, participatory Development and Inclusive Administration Importance International and national both at the same stage growth got it. This in context Sixth Scheduled in the area Autonomous the institutions functionality evaluation cable administrative perspective from no, rather social justice, Development, Political representation and institutional accountability perspective even from very important. Special by Tripura Like a in the state, where Autonomous District Council, State government and other local governance organization In multidimensional administrative relationship exists, there local of rule functionality deeply analysis to do essential.

Although Northeast India Autonomous District Councils with various research managed it has been, most of research constitutional law, Political autonomy, ethnic introduction or principled structure analysis in limited. On the other hand, TTAADC's real administrative activities, local people's participation, service providing, developmental effectiveness, accountability and traditional governance with of mutual relationship coordinately appraiser field wise research still comparatively limited. Especially local people's experience, public representatives perspective and administrative officials opinion together analysis by local of rule real Image presenter research lack this is obvious. Research emptiness current research main base existent research a Important features that is, this only constitutional or principled discussion in limited will be No; rather field survey based information through TTAADC local governance functionality, administrative capacity, people participation, developmental introduction and institutional limitations collectively analysis will do. Same. With this in research traditional tribal governance and modern constitutional local of rule in relationships, collaborations and potential conflict nature evaluation. This Multidimensional analysis existing in the research literature a new perspective addition will do and local governance related theoretical and practical discussion rich will do.

Therefore, the current Research Original Problem Holo — Tripura Tribe Areas Autonomous District Council (TTAADC) North East India Sixth Scheduled In the area Local Of rule Constitutional Goals How much? Effectively Implementation To do Capable It has been, of Administrative and institutional Effectiveness No No Ingredients Affected Doing, local People's Participation and accountability Current Status What is, and Traditional Governance and modernity Autonomous Administrative Structure In Relationship Local Of rule Qualitative Manke How Affected Doing this. The questions Integrated Search Through The study Existing Cognitive Emptiness Fulfillment, policymaking Evidence-based Information Supply and Northeast India Sixth Scheduled In the area More Effective, participatory and sustainable Local Governance On average To lift In case Important Contribution Will keep it.

Research Research Gap:

North - East India Sixth Scheduled In the area Autonomous District Councils With Various In research Basically Constitutional Provisions, autonomy Idea, political Development and Tribal Introduction Conservation The issues Importance Got it. However Tripura Tribe Areas Autonomous District Council (

TTAADC) Local Governance Real Functionality , administrative Skills , people Participation , Good Governance , Developmental Activities and Traditional Governance With Of Relationship Collectively Appraiser field wise Research Comparatively Limited .

Besides Most Research Principled or Legal Analysis In Limited Because Local People's Experience , public representatives Perspective and Administrative Reality Integrated Analysis Missing . Current Research This Emptiness To fulfill For the purpose Field survey Through TTAADC Local Governance Real Functionality , limitations , potential and Democratic Decentralization On Of Impact Analysis Will do . As a result The study Existing In the knowledge base A New O Important Addition As Considered Will be .

Objectives of the study:

1. Tripura Tribe Areas Autonomous District Council (TTAADC) Administrative Structure , functions and Local In governance Of Introduction Analysis To do .
2. TTAADC Under Local People's Participation , service Providing , Developmental Activities and Good governance Current Status Evaluation To do .
3. Local Governance Effectiveness Influencer Administrative , Financial O Institutional Challenges Marked By Effective Principled Recommendation Payment To do .

Literature Review:

North - East India Tribal Autonomy , Local Governance and Sixth Scheduled Area Administrative Structure With Various Researcher Important Discussion Did . This The studies Basically Constitutional Autonomy , Democratic Decentralization , tribal Introduction Reservation and Autonomous District Council Introduction On Illumination Did .

India North - Eastern region Political O Administrative Structure Analysis To do Going **Baruah (2003)** Reference Do That , the sixth Schedule Tribal Population Individual Introduction Protection and Local Self-government Establishment A Important Constitutional Arrangement . However Administrative Power O Financial Dependency Because Autonomous District Councils Often Desired Functionality To achieve Limitations Facing It is .

Bhattacharyya (2005) North - East India Governance O Development With In discussion Showed That is , autonomous The institutions Success To a large extent Administrative Skills , Institutional Coordination and Political Goodwill On Dependent . He/She More Reference Do That is , decentralized Administration Effective To do If Local People's Active Participation Sure To do Essential .

Manor (1999) Democratic Decentralization Related In research Reasoning Give That is , local Of rule Success Dependent By Power Transfer , financial Autonomy and Accountability Effective Implementation On top . His According to local Organization Ability Growth Without Sustainable Local Development Possible No.

Rondinelli , Nellis and Cheema (1983) decentralization Administrative Skills Growth and Development Activities People's Nearby To do A Effective Way As Explanation Did . Their In research Show Has been That is , local Stage Decision Adoption Power Growth If Development Program Functionality Growth Gets .

Karlsson (2005) Tribal Society , Traditional Organization and Modern Administrative Structure Relationship Analysis By Showed That is , traditional Governance and Constitutional Organization In

Coordination Sure To do North - East India Tribal In society Good governance Establishment For Very Important .

Tripura In context **Debbarma (2009)** of TTAADC Administrative Structure , functions and Limitations Analysis By Showed That the council Tribal In development Important Introduction Keeping Even if Administrative Power , financial Limitations and Principled Coordination Lack Of Effectiveness Affected Does .

Bhattacharjee (2016) In Tripura Tribal Autonomy Political Development Analysis By Showed That is , TTAADC tribal Representation O Cultural In storage Important Introduction Keeping Even if Changed Political O Administrative In reality Of Functionality Regular Evaluation Need There is .

The above Literature Reviews From Apparently Is That is , the North - East India Sixth Scheduled In the area Autonomous District Council With Notable Research Even though Tripura Tribe Areas Autonomous District Council (TTAADC) Local Governance Real Effectiveness , people Participation , Developmental Role , Administrative Accountability and Traditional Governance With Of Relationship Collectively Appraiser Field survey based Research Still Comparatively Limited . This Research That Cognitive Emptiness To fulfill To the goal Managed Will be and North - East India Local Governance Related Existing Research literature Rich Will do .

Research Methodology

Current The study Northeast India Sixth Scheduled In the area Local Governance Functionality Evaluation For the purpose Managed A Field -based Case Study research . In research Qualitative and Both quantitative and qualitative Kind Information In combination **Mixed Methods** Method Follow To do has been , so that Research Problems Various Dimensions Coordinately Analysis To do Goes to the research . Field As Tripura Tribe Areas Autonomous District Council (TTAADC) Under Selected Administrative Areas and villages Included To do Research has been done . Area Election In case Geographical Diversity , Tribal Population Attendance , Administrative Representation and Local Governance Activities Considering Taken has been done , so that Collected Information Research Purpose With Compatible and Representative It is .

In research Primary and secondary Both Kind Information Usage To do It has been . Primary Information Collection For Structured Questionnaire , semi-structured Interview , original Informant Interview (Key Informant Interview) and Direct Observation Method Follow To do The respondents In Local People , elected Public Representative , TTAADC Officer , village Stage Leadership and Other Related Partners Included To do It has been . Secondary Information Collection To do Has been Research Articles , Books , Government Report , TTAADC Publications , Census Report , Government Policy document and Other Relevant Academic Source From .

Sample Election Research Purpose With Compatibility Leaving Completed To do Has been and Collected Information Quantitative and qualitative Both In the method Analysis To do Has been . Quantitative Information Suitable Statistical Strategy Through Analysis To do Has been and SPSS if necessary or Homogeneous Software Usage To do Has been . Qualitative Information Thematic analysis Through Explanation To do has been , so that Local Of rule Functionality , administrative Limitations , people Participation and Developmental Activities About Deeper Concept Found Goes . Research Each Stage Research ethics Policy Follow To do Done . All Respondent's Informed Consent Acceptance To do It happened to them . Identity and personal Information Privacy Sure To do Has been and Collected Information Only Academic Research For the purpose Usage To do It happened .

Scope of the Study

Current The study Northeast India Sixth Scheduled In the area Local Governance Functionality Evaluation For the purpose Managed happened , where Tripura Tribe Areas Autonomous District Council (TTAADC) - A As a case study Election To do The research has been Originally from TTAADC Organizational Structure , administrative Actions , decisions Acceptance Process , local People's Participation , Good Governance , Developmental Activities and Institutional Functionality Analysis On Centralized . Same. With Traditional Tribal Governance and Constitutional Autonomous Administrative Structure Mutual Relationship and coordination Nature too This In research Reviews To do Will be .

Research Geographical The perimeter of TTAADC Under Selected Administrative Areas and villages In Limited There will be research . Local People , elected Public representative , administrative Official and Other Related Partner Opinions and experiences On the basis Local Of rule Real Functionality Evaluation To do The research will be Whole Northeast India All Autonomous District Council Comparative Analysis No ; rather , TTAADC Experience In the light Sixth Scheduled In the area Local Of rule Nature , Challenge and Possibility Analysis Will do .

Besides The study Local Of rule Administrative , social and institutional Aspects On Emphasis Even if Ethnic Conflict , factional Politics , Security-related Subject Or Larger International Border Politics Details Analysis Of Covered No , if No Those Directly Local Governance Effectiveness Affected Research Results of TTAADC Functionality About A Evidence-based Evaluation Presentation Will do and Northeast India Sixth Scheduled In the area Local Governance , Democratic Decentralization and Policymaking Regarding Future research For A Important Foundation As Work Will do .

Indicators of Good Governance

Good governance Index To say Such A bunch Specific Criteria or To the measurer means , whose Through Any Governance , institutions or Local Administration Efficiency , efficiency and Qualitative Value Evaluation To do This is . The indicators Through Determination To do Possible Is That A Organization How much? Transparent , accountable , participatory and People-oriented Managed Being . Good governance Main Index In There is People's Participation , law Governance , Transparency , Accountability , Administrative Effectiveness and efficiency , fairness and inclusiveness Services Payment , corruption Control , people Demand To Responsiveness and Decision In acceptance Consensus Establishment . These Index Administration Performance , resources Fair Usage , Developmental Program Implementation and Public service Value In evaluation Important Introduction Keeping Does the same . With These Administrative Weaknesses and limitations Marked By Necessary Principled Reform Directions Payment Does . Present In research Tripura Tribe Areas Autonomous District Council (TTAADC) Local Governance Functionality Evaluation For Good governance These Index Analysis Main Foundation As Used It will be . Through Local Of rule Qualitative Value , people Participation , administrative Accountability , Developmental Activities Functionality and Good governance Establishment Current Status Neutrally Evaluation To do Possible Will be . Research Results Local Governance Development and In policymaking A Important Evidence-based Contribution Will keep it .

Good governance in India

In India Good governance To say Such A Administrative and political The system means , where Constitution Basic Policy , law Governance , Democracy , Transparency , Accountability , Participation and Social Justice Sure To do Yes . Of freedom. After India A Democratic and welfare State As Good

governance Establishment To the goal Various Constitutional and institutional Arrangement Acceptance Did . Panchayat Raj System , city Local Self-government , information Rights Law (RTI), e- Governance , Social Social Audit , Digital Administration and Citizen-centric Services Payment Through To the administration More Transparent , accountable and Skilled To do Effort Continued There is .

In India Good governance Original Foundation It is Law Governance , Citizen Rights Conservation , power Decentralization , participatory Decision Acceptance and Corruption Control . Special The 73rd and 74th Constitutions Amendment Through Local Self-government Strong To do has happened , which As a result Rural and urban areas People Development Planning and Administrative Decision In acceptance More Participation Opportunity Got it . Same . With Government Service Quality improvement , transparency Growth and Administrative Accountability Sure To do For Various Policies and programs Implementation To do It happened .

However Good governance Establishment In case Still Something Important Challenge Existing . Administrative Complexity , corruption , political Intervention , financial Discrimination in service delivery Delay and Various Region Development Discrimination Good governance Effectiveness Affected Special By Tribe Inhabited and remote In the region Administrative Capacity , infrastructure Limitations and Wealth Deficiency Because Good governance Desired Goal Achievements Always Possible Is No. So Good governance More Effective To do Administrative Reform , technology-based Service , Citizen Participation Growth , Transparency , Accountability and Decentralized The regime More Strong To do Need . Of Through Democratic Values Strong Will be and Inclusive and sustainable Development Path More Sugam Will be .

Democratic Decentralization in India

In India Democratic Decentralization To say Such A The regime means , where Central and State Government Administrative , Financial and Political Power A Part Local Autonomous The institutions Near Transfer To do is , so that People Directly Decision Adoption and development In the process Participation Opportunity Gets this . Concept Original Goal It is People's On the doorstep Administrative Services Arrived Given , local Demand On the basis Development Planning Acceptance To do and To the administration More Accountable , transparent and participatory By Tola .

In India Democratic Decentralization Concept Of freedom After Since Importance Profit However , its Institutional Foundation Strong Is The 73rd and 74th Amendments to the Constitution Through . In 1992 Accepted This The amendments As a result respectively Panchayat Raj Organization and City Local Autonomous The organizations Constitutional Recognition Profit By . Of Through Rural and urban areas People Local Administration , Development Planning , Resources Management and Public service Payment In case More Participation Opportunity Achievements Does the same . With Power Decentralization , regular Selection , reserved Representation , local Planning Formulation and Financial Power Growth Through Democratic The regime Grassroots Stage Strong To do Effort Acceptance To do It is .

However India All In the region Democratic Decentralization Structure Identical No. Special Constitutional Provision Because Something Region , especially Constitution Sixth Scheduled Tribe Inhabited In the area , local Of rule For Separate Autonomous Administrative Arrangement exist . These In the area Autonomous District Council Local People's Social , cultural and Administrative Interests In storage Important Introduction Keeping As a result In India Democratic Decentralization Concept Cable Panchayat Raj Arrangement Within Limited No ; rather Country Geographical , cultural and ethnic Variety

With Compatibility Leaving Various Constitutional Structure Through Implemented It happened . Current In context Democratic Decentralization Good governance , participatory Development , Accountability and Inclusive Administration Establishment One of the Important Foundation As Considerations To do Yes . So Local Autonomous The institutions Institutional Ability Growth , Financial Autonomy Confirmation , Administrative Skills Development and People's Active Participation Growth Democratic Decentralization Functionality More Strong To do Important Introduction Keeping Does .

Constitution Ninth From Part IX Excluded Given Areas in India

India Constitution Ninth Part IX Panchayat Raj Arrangement Constitutional Foundation Payment The 73rd Constitution of 1992 Amendment Through In the Constitution This Part Combined is , whose Purpose Was Rural In the area Democratic Decentralization Strong To do and Local Self-government Establishment To do . However Country Geographical , cultural and ethnic Variety Because Constitution Authors Something The area Ninth Part Provision From Exemption Payment Did this . Of escape Constitutional Foundation Mentioned in **Article 243M** There is .

According to Article 243M , Nagaland , Meghalaya and Mizoram In the state Ninth Part Provision Automatically Applicable No. Likewise . Manipur Mountain The areas where District Council Existing , they too This Part Scope Outside Keep It has been . Besides **India Constitution Fifth Scheduled (Fifth Schedule)** and **Sixth Scheduled (Sixth Schedule)** Tribe Inhabited The areas too Ninth Part Provision From Exempt . Sixth Scheduled In the area Local Of rule For Autonomous District Formation of the Autonomous District Council Separate Constitutional Arrangement There is , which Tribal Population Tradition , culture , land Rights and Autonomy Conservation For the purpose Established It happened . Besides West Bengal Darjeeling Gorkha Mountain Area In the case where Related Mountain Administrative Authority Specific Power Application By , there Ninth Part Provision Special Constitutional Arrangement Under Limitedly Applicable . This Exceptional The measures Purpose It is Related Region Special Historical , social , cultural and Administrative Features Reservation To do and Local People's Interests Protection To do .

Therefore , India Constitution Ninth Part From Something The area Exemption Given Although , its Meaning This Nine That Those In the area Local Self-government Arrangement No. Rather These In the region Their Own Socio-cultural Reality and Constitutional Special Of dignity On the basis Separate Local Governance Effective There is . This Special Arrangement India Cooperative Federal Structure , Democratic Decentralization and Cultural Variety To Constitution Promise Reflection .

Tripura Tribe Areas Autonomous District Council (TTAADC)

Tripura Tribe Areas Autonomous District Tripura Tribal Areas Autonomous District Council (TTAADC) of India Constitution Sixth Schedule Under Established A Constitutional Autonomous The institution , whose Main Purpose Tripura Tribe Inhabited In the area Local Self-government , democratic Decentralization and Tribal Population Social , economic , cultural and administrative Development Sure The council was established in 1982 . Made up Is And in 1985 India Constitution Sixth Schedule Included To be Through Constitutional Dignity Profit Currently TTAADC Tripura State Almost Two-thirds Geographical Area Across Widespread and State Notable Number Indigenous Population Representation Does .

TTAADC One of the Main Responsibility It is Local Development Planning Formulation and implementation , primary Education , Health , Agriculture , Forestry Management , Rural Infrastructure

Development , Small Irrigation , market Management and Tribal Culture and tradition In storage Effective Introduction Keeping Do. Same . With The council Tribal Population Language , culture , tradition Customs and Social Introduction In defense Important Contribution Keeps . Sixth Schedule Provision According to the council Specific Law Formulation , administrative Decision Acceptance and Something Financial and developmental Activities Management Power Payment To do It happened .

Democratic Decentralization Perspective From TTAADC Trinamool Stage People's Participation Sure To do A Important Institution . Selected Representatives Through Local People's Opinions and needs Development Planning and Administrative Decision Adoption With Added To do Opportunity Creation It has happened . However Administrative Power Limitations , financial Dependency , State Government With Coordination , resources Management and Development Project Implementation Like Various Challenge Still Council Effectiveness Affected Still TTAADC Tripura Tribe Inhabited In the area Local To rule Strong To do , constitutional Autonomy Implementation and Inclusive Development Sure To do In case A Important Organization As Considered It is .

TTAADC and Democratic Decentralization

Democratic Decentralization Such A The regime , which Through Administrative , political and Financial Power Central or State Government Instead Local Autonomous Organization Near Transfer To do is , so that People Directly Decision Adoption and development In action Participation To do Can . This Concept Original Purpose It is To the administration People's Nearby Do , local On-demand Development Sure To do and Good governance Establishment To do . India Constitution Sixth Schedule Under Established Tripura Tribe Areas Autonomous District Tripura Tribal Areas Autonomous District Council —TTAADC Inhabited In the area Democratic Decentralization A Important Constitutional Institution .

TTAADC Local People's Representatives Through Administrative Decision Adoption , development Planning Formulation and Local Resources In management People's Participation Sure To do Opportunity Creation The council Education , Health , Agriculture , Forestry , Rural Infrastructure , Market Management and Tribal Culture With reservation Various In case Developmental Activities Management By . Of As a result Local People's Needs and priorities Considering Leaving Development Planning Acceptance and Implementation To do Possible is , which Democratic Decentralization One of the Basic Features .

Besides, TTAADC tribal Population Language , culture , tradition Customs and Social Introduction Conservation As well as Local Stage Accountability , transparency and Participatory Governance On average To lift In case Important Introduction Keeping Does . However Administrative Power Limitations , financial Dependency , State Government With Coordination Lack , sufficient Financial Wealth Deficit and Development Program Implementation Various Obstacles Democratic Decentralization Full In implementation Challenge Creation As a result , TTAADC Functionality More Growth To do For Financial Autonomy , administrative Capacity , institutional Coordination and Local People's Participation More Strong To do Need .

Therefore , TTAADC is northeast India Sixth Scheduled In the area Democratic Decentralization A Important Constitutional Foundation As Work It does . Local Self-government Strong To do , tribal Population Constitutional Rights Conservation , participatory Development Sure To do and Grassroots Stage Democratic The regime Strong To do In case Important Introduction Keeping Doing . However This To the organization More Effective and people-oriented By To lift Administrative , Financial and Institutional Reform Continuous Initiative Acceptance Essential .

Discuss and Results

Current In research Collected Primary and secondary Information Analysis Through Tripura Tribe Areas Autonomous District Council (TTAADC) Under Local Governance Effectiveness , people Participation , administrative Ability and Democratic Decentralization Real Image Evaluation To do Research has been done . In the result See Goes That is , TTAADC tribe Inhabited In the area Local Self-government Establishment , Developmental Activities Implementation and Tribal Population Cultural and social Interests In storage Important Introduction Keeping Doing . Local People Development Planning , Infrastructure Development , Education , Health , Agriculture and Social Benevolent In action Council Contribution Positively Evaluation Did .

However In research More Apparently Has been That is , TTAADC Functionality Various Administrative , Financial and Institutional Limitations By Affected Being . Sufficient Financial Wealth Lack , administrative Power Limitation , State Government With Coordination Deficit and Skilled Human Resources Shortage Developmental Activities Speed and quality Affected Doing . A lot. Respondent In mind Do That the council Constitutionally More More Administrative and financial Power Payment To do If Local Governance More Effective and people-oriented Become Will rise .

In research Local People's Participation Democratic Decentralization A Important Ingredients As Marked To do Most of them have been Respondent Tell That , elected Representatives Through People's Opinion Development In the plan Reflected Even though Decision Adoption Each Stage People's Direct Participation Still Expected In degrees Not arrived . Special By Women , Youth and Marginal Population Participation More Growth To do Requirements Felt It happened . The same . With Transparency , accountability and Information retrieval Opportunity Growth If Local Of rule To People's Trust More Strong Will be .

Research Another Important Results Yes , traditional . Tribal Governance and TTAADC In Mutual Relationship Many In case Collaborative Even though Something In case Responsibility and power Border With Ambiguity Observed This has happened . Situation Administrative Coordination and Decision Acceptance In the process Something Complications Creation As a result Both Arrangement In Effective Coordination Establishment Local Of rule Qualitative Value Development For Essential .

Overall Research Results Instructions By That is , TTAADC North East India Sixth Scheduled In the area Democratic Decentralization and Local Self-government Implementation In case A Important Constitutional Institution . However Of Functionality More Growth To do For Administrative Ability Development , adequate Financial Autonomy Confirmation , institutional Coordination Strong , people's Participation Growth and Good governance Policies More Effectively Implementation To do Need . These Steps Acceptance To do If TTAADC local Development , Inclusive Governance and Tribal Population Sustainable Socio-economic In development More Important Introduction Keeping To do Capable Will be .

Challenges

Tripura Tribe Areas Autonomous District Council (TTAADC) Through Local Governance Management In case Various Administrative , financial , political and Institutional Challenge Existing . One of the Main Challenge It is Enough Financial Autonomy Lack of , which As a result Developmental Program In implementation Many In case Delays and limitations See Gives . Same. With Administrative Power Limitations and State Government Various Department With Coordination Deficit Effective Decision Adoption and Policy Implementation Affected Does .

Another Important Challenge It is Local People's Participation and awareness Diversity . Although Democratic Decentralization Through People's Participation Sure To do Opportunity There is nevertheless Many In case People's Active Involvement Expected In degrees Arrives No. Besides Women , Youth and Other Marginal Population Participation Growth Do it. A Important Challenge .

Traditional Tribal Governance and Modern Constitutional Administrative Structure In Effective Coordination Establishment Still A Complex Subject : Something In case Power and responsibility Border Clear No Because Administrative Complications and Decision In acceptance Delay Observed Yes . As well as Skilled Human Resources Deficit , infrastructural Limitations , Information Technology Limited Usage and Administrative Ability Lack of Local Of rule Effectiveness Affected Does .

Therefore , TTAADC Through Democratic Decentralization More Effective To do Financial and administrative Autonomy Growth , Institutional Coordination Strengthening human resources Development , technology-based Administration Expansion and Local People's Participation Sure To do For Integrated Policy and Institutional Initiative Acceptance Essential .

Conclusion

Current In research Northeast India Sixth Scheduled In the area Local Governance In context Tripura Tribe Areas Autonomous District Council (TTAADC) Role , function and Democratic In decentralization Of Contribution Analysis To do Research has been done . Results From Apparently Is That is , TTAADC tribe Inhabited In the area Local Self-government Establishment , Developmental Activities Management , Tribal Population Cultural Introduction Reservation and Grassroots Stage Democratic Participation Sure To do In case A Important Constitutional Organization As Introduction Keeping Doing the same . With This Local People's Representation Growth and Decentralized To the administration Strong To do Also in case Notable Contribution Keeping it .

However In research This too Clear Has been That the council Functionality Still Various Administrative , financial and institutional Limitations By Affected Being . Sufficient Financial Autonomy Lack , administrative Power Limitations , various Government Organization With Coordination Shortage , skilled Human Resources Shortage and People's Participation Limitations Local Of rule Desired Goal To achieve Obstacles Creation is doing . Besides Traditional Tribal Governance and Modern Constitutional Administrative Structure In Effective Coordination Sure Do it. A Important Challenge As Apparently It happened .

The study Instructions By That is , TTAADC Functionality More Growth To do For Administrative and financial Power Strong , institutional Ability Development , good governance Policy Effective Implementation , Information Technology Usage Expansion and Local People's Participation Growth Essential . Same . With State Government , TTAADC and Local Community In Integrated Cooperation Establishment If Local Governance More Effective , accountable and Inclusive Become Will rise .

Above all , this Research Evidence By That is , TTAADC only A Administrative Organization No ; rather This Northeast India Sixth Scheduled In the area Democratic Decentralization , tribal Autonomy and Sustainable Local Development A Important Basis of research Results Future research , policy making and Local Governance Reform In case A Evidence-based Directions Payment Will do and Tribal Population Social , economic and political Empowerment Positive Introduction To keep Helpful Will be .
